

The Plug-In Post

Breaking news about VFX, animation and editing plug-ins, direct to your in-box

Digital artists and post-production pros are always searching for ways to invigorate their projects with exciting new looks and fresh style. When in doubt, they invariably turn first to a plug-in, the fastest and most affordable way to punch up their projects.

The Plug-In Post is a monthly e-newsletter targeting over 36,000 post professionals who need creative ways to extend their editing, effects and animation software, streamline their workflows or simply infuse a project with a novel effect.

This newsletter will include:

- Where to find and download the latest plug-ins or version upgrades, by category
- Power Plug Tips: How to use a popular plug-in in a completely new way
- Host software news and updates that relate to plug-in operability
- Project Spotlights on cool effects created with plug-ins
- Q&As with plug-in developers
- Live links to trial versions, upgrades and resources for beta-testers

Frequency: Monthly

Circulation: 36,000 film and video post professionals
